Sukhothai (Thai: สุโขทัย, pronounced Su Ko Tai) is renowned as one of Thailand's seventy-six provinces, nestled in lower northern Thailand. Known as the 'dawn of happiness,' Sukhothai inspires our newly unveiled spa, The Sukhothai Spa, where the ancient Sukhothai-style culture is artfully integrated into our design and ambiance. Here, we invite guests and members on a journey to a tranquil, spiritual, and soothing haven—a serene escape for relaxation and rejuvenation, with nature's embrace as our guiding force. The Sukhothai Spa is an urban oasis, a sanctuary dedicated to wellness.

Our spa seamlessly blends traditional, result-driven, and modern practices from diverse cultures to provide a comprehensive range of treatments. Designed as a retreat from city life, our spa features handpicked, highly trained professionals committed to delivering personalized attention, setting The Sukhothai Spa apart in the realm of wellness. Our extensive array of services includes massage therapy, beauty treatments, hammams, yoga, Pilates, meditation classes, personalized nutrition advice, and fitness training. The in-house facilities, such as a salt-water lap pool, jacuzzi, saunas, steam rooms, a state-of-the-art technology facial room, and dedicated spaces for yoga, Pilates, and meditation, further enhance the guest experience.

Concept of the Treatment Rooms: All treatment rooms welcome guests with warm-toned materials, including traditional wooden Thai doors adorned with elegant bronze handles. Luxurious green natural stone finishes on hammam beds evoke serenity and harmony with nature. The two-step recessed ceiling pays homage to Wat Sri Chum, creating a captivating focal point, while terracotta mosaic tiles in the wet zone symbolize the texture of a lotus leaf, enhancing the room's symbolism and elegance. Inspired by Middle Eastern and North African bathing rituals, our Hammam Room offers a bespoke and private experience that promotes physical cleansing, relaxation, and well-being.

Treatment Room: Located on the second floor, the treatment rooms embrace a simple and direct representation of Thai architecture. Bright and relaxed, with a 'Pra-Kon' wall pattern representing the Thai house, the space exudes contemporary beauty. High ceilings and curved shapes add delicacy and softness, complemented by a jacuzzi tub using green terrazzo and light green mosaic.

you are living in the future; if you are at peace, you are living in the present."
